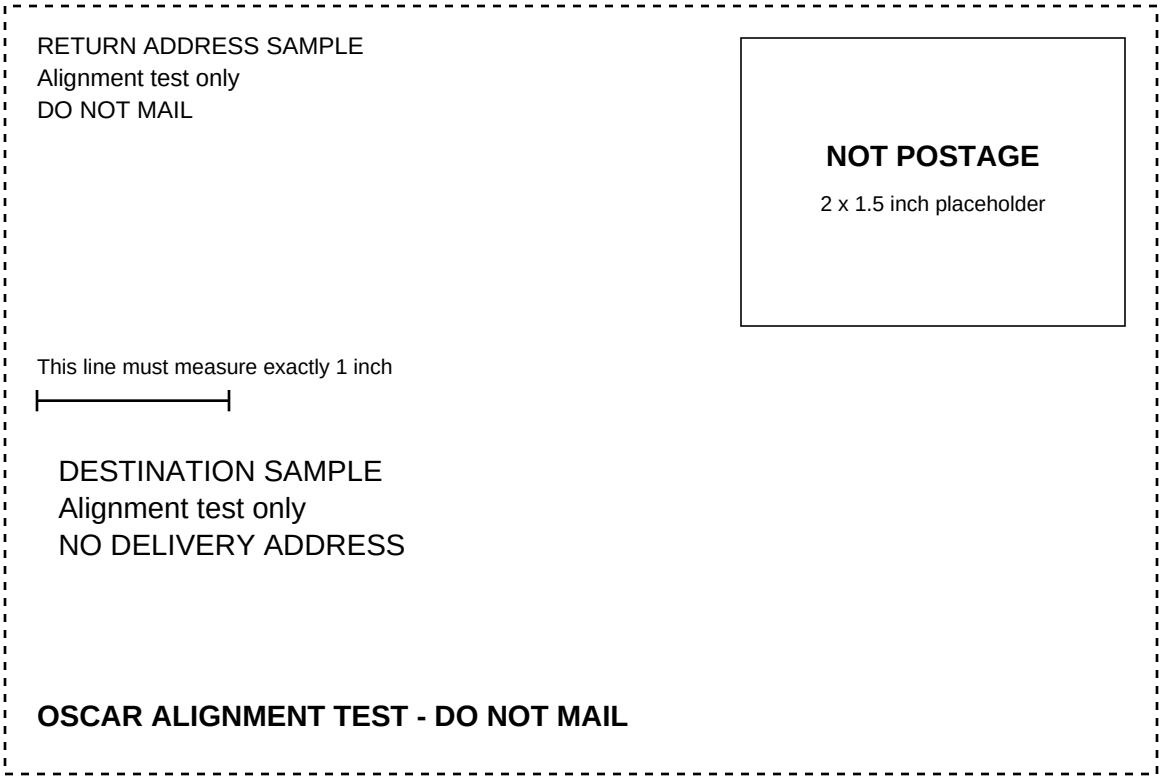
OSCAR 4 x 6 label alignment test

PLAIN LETTER PAPER - one side, actual size, one copy.



The dashed rectangle must measure 6 inches wide by 4 inches tall.

Left edge: 1.25 inches. Top edge: 1.5 inches from the sheet edges.

Check all text is inside the rectangle and the 1-inch line is accurate.

This checks the cut-out layout; precut adhesive stock needs its own template.
